”There is always a solution”

Pedro Teixeira Farto

Ever since his early childhood Pedro began to show interest in the horse profession and developed a love for the pure Lusitano breed. Pedro has worked as a manager at several Portuguese hippic centers and completed the Riding Skills Certificate (4th Level) of the Portuguese Equestrian Federation.

He also did the Basic Course in Hippotherapy, aimed for teaching disabled children and adults.

In addition, he is trained to ride and train the Portugal-based discipline of Working Equitation. Pedro has experience in training Lusitano's for dressage, working equitation and bullfighting. He has trained with Spanish and Portuguese Olympic riders like Daniel Pinto, Juan Manuel Muñoz Diaz, Portuguese Working Equitation Champion Jorge Sousa And the Netherland's Olympic judge Eddy Wolf of Westerrode.

Daniel Pinto is among the riders who still train with him regularly. Currently, Pedro has led 16 Lusitanian stallions to grand prix level and works as an instructor at the Portuguese Hippic Center of Quinta do Rol. In the meantime, Pedro regularly visits the Netherlands and enjoys working with KWPN, PRE, Friesians as well as other breeds.

**If there is a will to learn,
Pedro instructs with enthusiasm and passion.**

Pedro's Motto - For any problem there is always a solution

In dressage as well as in working equitation, discipline is pivotal. It is very important that there is a close cooperation between the horse and the rider, and that they can respond almost immediately to any given situation together.

Pedro challenges the rider and the horse to cooperate with each other, and emphasizes the importance of interaction between the rider and the horse. Reward by relaxation is the key to success as well as a happy mindset, alternation in training, and respect for the horse.

His goal is to develop both the horse and the rider further but at the same time always keeping in mind the horse's abilities and willingness to work. Each pair is unique so the approach will be developed to match both the horse and the rider.
